## ROSEBUD MOTORS

The 25,000,000 road map was re-  
 cently handed out by Imperial Oil.  
 End to end, all the maps that the  
 company has distributed to Cana-  
 dian motorists and tourists in the  
 past quarter would go from coast

to coast and back again via the  
 Trans Canada Highway. Pam  
 D'Orsay, left, and Sheila Billing  
 are checking the route such a map-  
 paved highway would follow.

## United Missionary Church Conference

The Canadian Northwest Confer-  
 ence of the United Missionary  
 Church has just closed its annual  
 convention. Pastors from every  
 church, but three, were present at  
 the convention which was held in  
 the Calgary, Parkdale church, of  
 which Rev. C. J. Hallman is the  
 pastor. Pastors, their wives and  
 visiting guests were entertained  
 both for meals and for billets by  
 the Parkdale and Montgomery con-  
 stituencies. It was the privilege of  
 the convention to have among its  
 guests six missionaries who are at  
 home on furlough.

Outstanding features were the  
 devotionals presented by pastors.  
 Miss Mary Walsh, assistant pastor  
 of the First Church of the  
 Nazarene, spoke to a special meet-  
 ing for pastor's wives and lady  
 workers of the church, and also  
 led in lively discussion of the

place; humor, humility, housekeep-  
 ing, and "husband improvement"  
 should occupy in the preacher's  
 wife.

Rev. F. W. Snyder, of the Evan-  
 gelical United Brethren Church  
 also spoke. Two quotations from  
 his message: "A minister can be  
 the laziest man in the world or he  
 may work himself to death. Prea-  
 chers are men who are touched by  
 God to touch others."

The Sunday school panel touch-  
 ed on several phases of Sunday  
 school work. These interesting  
 facts were noted as quotations from  
 Gate Risley that 90% of church  
 work is being done by 10% of the  
 people. Also that the 3,000,000 S.  
 S. teachers are the real home mis-  
 sionaries and that every church is  
 a mission compound. United Mis-  
 sionary Sunday school in the  
 C.M.W. conference have an increase  
 in average attendance of 800 more  
 pupils in the last ten years.

Rev. H. A. Traub, district Super-  
 intendent, gave a report on the  
 Spiritual Life Fellowship recently  
 held in South Bend, Ind. and sug-  
 gests that negotiations for a mer-  
 ger between the United Missionary  
 Church and the Missionary Church  
 Association may be resumed.

### SUPREME COURT UPHOLD CANADIAN WHEAT BOARD

The Supreme Court of Canada  
 in a unanimous decision handed  
 down recently, has ruled that the  
 Canadian Wheat Board Act is con-  
 stitutionally valid. The decision  
 upheld the Wheat Board's wide  
 powers as sole marketing agency  
 for prairie wheat, oats and barley,  
 and in effect ruled illegal a British  
 Columbia farmer's attempt to ship  
 feed grain across the prairies with-  
 out a Board permit.

The case arose about three years  
 ago when Mr. Murphy of Mission  
 B.C., who operates large poultry  
 farms there, sought to by-pass the  
 Board by buying feed directly from  
 prairie farmers and shipping it to  
 his farms. The C.P.R., which took  
 no side in the ensuing legal battle,  
 refused to move the grain without  
 a Wheat Board permit.

Over the intervening years the  
 case has been appealed from one  
 court to another. This ruling of the  
 Supreme Court should bring to an  
 end to this test case.

No doubt the legal battle was  
 carried on at considerable cost.  
 Prairie farmers will be wondering  
 who paid Mr. Murphy's share.

### FAMOUS QUOTE . . .

There are times when a clear  
 conscience is nothing more than a  
 poor memory.

## THEIR LIVES—HIS LIVELIHOOD DEPEND ON OIL

Imperial contributes to a better life for Cana-  
 dians through constant leadership in oil . . . finding  
 new supplies . . . pioneering more useful products

There are more than five tractors for every six occupied  
 farms in Canada . . . one motor vehicle for every four  
 Canadians. More than half the homes in Canada are  
 heated by oil.

Canadians consume half again as much gasoline today  
 as they did in 1946, nearly five times as much heating  
 and diesel fuels.

Imperial has been a major contributor to this better life,  
 more productive economy. In 1946, Canada produced  
 less than one-tenth of its oil needs. In 1947, Imperial  
 discovered oil at Leduc, in Alberta. Today, Canada's  
 own fields produce nearly 60 percent of our requirements.

Through its nine refineries from coast to coast . . . and  
 in its research operations, larger than the rest of the  
 Canadian oil industry put together . . . Imperial has  
 constantly been able to lead in the development of  
 newer and more useful products . . . to make a fuller  
 life for Canadians.

**DISTRICT NEWS****M.V.B.C. NEWS**

(From Our Own Correspondent)

The entire Faculty attended parts of the Ministerial Convention last week in the Parkdale United Missionary Church in Calgary. It was well attended and the group were well entertained by the Calgary friends during that time. On Thursday evening a very splendid dinner was served in the basement of the church by the ladies of the Parkdale & Montgomery churches. Mrs. Florence Finlay, acting Dean of Women, was a visitor in Edmonton during the weekend. Mrs. Finlay is filling a very important place on the staff at present and we appreciate her in our midst. Her days of usefulness are not yet over after 40 years of active missionary work in Nigeria, West Africa. She has much ambition and is alert to things to be done around the College.

Mrs. Sader and Rev. and Mrs. Witt held missionary meetings in the Hoadley area on Sunday. Rev. and Mrs. Jaque Miller are pastors there now.

On Friday evening the students of the College held a Halloween party in the Students' Centre. This new building is being used frequently outside of study hours and for social events, and we appreciate it more and more.

Students were scattered here and there over the weekend. Some went to Edmonton to visit friends, others attended fall Convocation in Three Hills, and some went out to Gospel work. They are a busy group even on Sunday.

Edward Ridley of Big Valley has arrived in college. His work detained him and now he is very busy making up back assignments as well as doing his daily assignments in work now being taken.

Miss Gladys Eby was a visitor in her niece's home in Red Deer on Friday evening. On Sunday she entertained some of the little folk on the campus: Sherrill and Keith Taylor, Marilyn Eby and Cameron Witt.

Rev. George Wepler of the Sudan Interior Mission was guest speaker in chapel on Monday morning. He spoke at 8:15 and left again on the morning train. He represents that great mission and makes his appearance as speaker almost every year.

**TROOPS FOR FIRE FIGHTING**

A suggestion that troops be used for forest fire fighting, gets approval from many sources. Fighting forest fires would be a lot more useful than the endless drill and mock exercises that take up much of the peacetime warrior's time. He would be grappling with a real enemy of the nation and doing a socially valuable job.

Certainly the idea is a sound one; and there may be other non-military jobs the services could tackle with benefit to themselves and the community.

**JACKSON W.I. DONATE TO MENTAL HEALTH ASSOC.**

Jackson W.I. met at the home of Mrs. A. W. Davies on Wednesday of last week with 16 members in attendance. A successful pie social and film show was held at West-wood school, with Mr. Miller of the Mental Health Association present. After expenses were paid, \$35 was realized, which was sent to the Mental Health Association.

No bake sale will be held this fall; instead each member agreed to donate \$2.00 to the institute.

Mrs. L. Hildebrandt chose for her topic on education, "The Canadian Conference on Education," where 800 delegates gathered, two of them were W.I. members.

The five-minute talk, given by May Ray, was also on education and the entertainment was in charge of Mrs. A. W. Davies.

For entertainment at the next meeting questions will be asked on civil defence by Mrs. Somerville.

**LIGHT YOUR WAY ...**

... WITH BIBLE STUDY

"I believe in the Holy Ghost." The Holy Ghost is the third person of the Trinity, and therefore, True God. He is called Holy because He Himself is holy and His work is to make us holy. Or we may say: The Holy Ghost makes us Christians.

Here is a man; he is very sick; he cannot move or help himself. The doctor comes in, looks at him, and writes a prescription. Does that make the man well? Not at all. The prescription must be filled. Now that someone goes to get it filled, does that make the man well? Not at all. The medicine must be given to the sick man with a spoon. Remember, the man is too sick to take it himself, someone must give it to him.

In somewhat similar manner the Holy Ghost works. We are all sick, deathly sick with sin, unable to help ourselves. God the Father wrote the prescription, made the plan of salvation. "God so loved the world!" The Son came and filled the prescription by His suffering and death. "The Son of Man is come to save that which was lost!" The Holy Ghost applies this help, salvation, to the sinner, to you and me, by the Gospel. "In Christ have I besotten you through the Gospel!"

The Holy Ghost makes the poor, sick creature well again through Word and Sacrament. Christ, through His life and death, has procured for us the Waters of Life. The Holy Ghost, through the aqueduct of the Word and Sacrament, applies to our hearts the grace of God in Christ Jesus.

My friend, has the Holy Ghost touched your heart? Or are you opposed to His gracious help? Read the Bible, attend Church, so that the wonderful life-giving medicine may be brought to you.

**FALLEN TIMBER**

(From Our Own Correspondent)

The district was saddened by the passing away of Rev. C. B. Moore on October 24th in Calgary. Many from the district attended the funeral in Calgary on October 27th.

Friday the Junior Red Cross of the Fallen Timber School held a party for parents and preschoolers. The Halloween party was well attended and enjoyed by both young and old alike.

We are pleased to hear that Mrs. Bill Monney and wee David John are at home.

We see Mr. John Hayes is back in the district again after spending some time in Saskatchewan.

There will be no Church or Sunday School in the Fallen Timber Church November 9th as the Congregation are going to Edmonton to put on a musical program for Rev. McGiffin.

Saturday evening films were shown at the school.

Halloween pranksters were in the district for the first time in some 15 to 20 years, tipping over toilets at the Church and school. Quite a bit of damage was done to these buildings by the rough treatment; we hope none of the neighbors were plagued by these vandals.

Mrs. Irene Teynor spent last week visiting at the home of her brother and sister-in-law, Mr. and Mrs. George Austin of Calgary.

Mr. Bob Moore is a patient in the University hospital in Edmonton for a check up.

Mrs. Dorothy Moore, Judy and Brian were Sunday visitors with Mr. and Mrs. Johnny Howton.

Mr. and Mrs. Ben Teynor, Kitty and Gene were Sunday visitors at the home of Mr. and Mrs. Joe Teynor.
